

## MHB Lock mullion door

Narrow mortise lock | Widening over the entire height | Suitable for anti-panic locks

## Overview

MHB's lock mullion door combines our distinctive ultra-slim design with a high-tech multipoint locking system. Our skilled craftsmen have engineered this door to be both aesthetically pleasing and highly secure. It is also suitable for panic locks, and its SL30-ISO® profiles make it fully weatherproof. This door offers the perfect blend of style and security.

- Narrow mortise lock for optimum security.
- Maximum leaf size: 1300 x 3200 mm / 4' 3 3/16" x 10' 6" for a max. surface of 3m² / 3.59 yd².
- Lock mullion doors are suitable for anti-panic and motorized locks.
- Customizable with true divided or simulated divided glass partitioning and glass stops.
- Create a harmonious look with consistent detailing across all configurations in your project.
- Apply any RAL colour or actual precious metals such as bronze for a unique and durable finish.
- Available in SL30-ISO®, SL30-ISO®-PLUS & CLASSIC-ISO-PLUS patented profile systems.

## Performance

### ■ Water Tightness

Class 4A, 150Pa - NEN-EN 12208

Successfully tested with performance values of up to\*:

Class 7A, 400Pa - NEN-EN 12208

### ■ Windload Resistance

Class C3 - NEN-EN 12210

Successfully tested with performance values of up to\*:

Class C5 - NEN-EN 12210

### ■ Air Permeability

Class 4 - NEN-EN 12207

### ■ Thermal Transmittance

For 1000 x 3500 mm / 3' 3 3/8" x 11' 5 13/16"

Up to Uw 0.84 W/ m² K (Ug = 0.5)

NEN-EN 10077-1 + NEN-EN 10077-2

## Unrivalled freedom to design

MHB is the exclusive developer and manufacturer of all its patented profile systems, which allows us to improve and adapt our products on a project-specific basis. If you have any project-specific needs or wishes, please let us know and we will work with you to create the optimal solution:

- Custom detailing.
- Custom oversized door dimensions.
- Automated systems.
