

## MHB Top & Bottom hung window

Multi-point locking system | Remote controlled | Excellent for ventilation

## Overview

MHB's steel top & bottom hung windows offer a sophisticated finishing touch to your immaculate facade. They are perfect for above doorways, at the top or bottom of large glazed surfaces, or any other hard-to-reach places. Depending on your preferences, you can open your windows using one of MHB's stainless steel handles or use remote control, for quick and easy ventilation.

- Maximum window size: 1000 x 2000 mm / 3' 3 3/8" x 6' 6 3/4" for a max. surface of 2m<sup>2</sup> / 2.39 yd<sup>2</sup>.
- Configure your top or bottom hung window with custom true divided or simulated divided glass partitioning and glass stops.
- Create a harmonious look with consistent detailing across all configurations in your project.
- Apply any RAL colour or actual precious metals such as bronze for a unique and durable finish.
- Available in SL30-ISO®, SL30-ISO®-PLUS, CLASSIC-ISO & CLASSIC-ISO-PLUS patented profile systems.

## Performance

### ■ Water Tightness

Class 4A, 150Pa - NEN-EN 12208

Successfully tested with performance values of up to\*:

Class 9A, 600Pa - NEN-EN 12208

### ■ Windload Resistance

Class C3 - NEN-EN 12210

Successfully tested with performance values of up to\*:

Class C4 - NEN-EN 12210

### ■ Air Permeability

Class 4 - NEN-EN 12207

### ■ Thermal Transmittance

For 1000 x 2000 mm / 3' 3 3/8" x 6' 6 3/4"

Up to Uw 0.76 W/ m<sup>2</sup> K (Ug = 0.5)

NEN-EN 10077-1 + NEN-EN 10077-2

## Unrivalled freedom to design

MHB is both developer and manufacturer of all its patented profile systems, providing it with the unique ability to improve and adapt its products on a project specific basis. Should you have any project based wishes, please let us know and we will co-create the optimal solution with you:

- Custom detailing.
- Custom oversized window dimensions.
- Automated systems.
